## This Months Top Stories

My main highlight, this month of February, was 'The Day Walk' up Antrim Hills. I had such a good time. While learning about different things we also had lots of fun. Me, Rachel, Nicole and Rob where the only 4 who were well enough and the only ones that could be bothered to get out of bed to go that day! Vikkie was off sick and Lizzie was in bed sleeping. Driving to the Antrim Hills in the Car was good, we all had the radio on singing are wee hearts out. When we arrived, me, Nicole and Rachel ran about like headless chickens in the snow. The snow was really deep in quite a lot of places. We ran down the big snowy hill and of course I fell and tumbled. I also run in to a big depth of snow and got my legs buried in the snow as well. This day was the best ever! I really enjoyed it, I wish Vikkie and Lizzie had of been there to, to enjoy the fun and good memories.

The picture to the right is when me and Rachel thought we where cool and run up a hill to see sheep. Unfortunately for us we got stuck and couldn't get down. In the end we had to slide on are bums to get down again.

Me, Rachel, Nicole

### From The Editor

#### I HATE CAVING!

I tried caving on the 9<sup>th</sup> of February, and I was scared to go in. after a while my nerves went and I cried. I don't think ill go in a cave again.

### New Upcoming Activities

I don't mind what we do next month as long as it has nothing to do with being in a cave. I love all out door stuff or different activities such as laser quest:). I really enjoyed the day walk and wouldn't mind doing that again!
