### Laser Quest and Our Day walk on Scawt Hill!!!!

My two highlight occasions of February were Our Tuesday night to laser quest (23<sup>rd</sup>) and our day walk to Scawts hill (28<sup>th</sup>). Laser Quest this was because we worked as a team and had a great laugh, Rob came first even though he was a wee Oldie and I came Last but I enjoyed it all together. The day walk to scawt hill even know the snow was lying we had fun we loved playing in the snow we got really tried we still were havin fun.

### Pancake Tuesday

pancake Tuesday it was good fun Vicki burn the pan so we all were eating burned

On one Tuesday night , we all went Caving at BAC. At the beginning of the night I was not so motivated to participate but as the night went on and we entered the deep dark dimensions of the cave I began to enjoy myself more. The highlight of my caving experience was when Vicki let Rachel and I go ahead up the upper wet passage but also having all my friends there with all the Banter.

### **From The Editor**

My time at BAC has changed me in a good way it gives me something to do I have made new friends and I have dun things I never know I could do coming here keeps me out of trouble and I have enjoyed the experience

### **New Upcoming Activities**

I would love to do more caving and to do more things out side and to do new things.
